In honor of the occasion, her mother, Mrs. Roy Erdman, entertained 11 girl friends, classmates, at a party in their home Saturday afternoon. All enjoyed playing games and had a good time.

C. Collatz-R. Egly Wed in New Lenox

Miss Carol Ann Collatz, daughter of Mr. and Mrs. William E. Collatz, 135 First avenue, New Lenox, and Richard Melvin Egly, son of Mr. and Mrs. John Raymond Egly, Sr., 133 S. W. Circle Drive, Joliet, were married Friday evening, November 9 at 7 o'clock in the home of the bride's parents.

The double ring ceremony, performed before the immediate families and a few relatives was read by Rev. Ralph L. Miller, pastor of New Lenox Methodist church.

Given in marriage by her father, the bride was attractive in a winter white two piece knit dress and wore black accessories. Her corsage was of white feathered carnations tied with satin streamers and she wore a locket, that was a gift of the groom.

Mrs. J. Raymond Egly, Jr. of Joliet, sister-in-law of the groom was matron of honor. She wore a royal blue crepe dress with black accessories and a corsage of yellow baby mums. J. Raymond Egly, Jr., attended his brother as best man.

Mrs. Collatz, mother of the bride, was attired in an aqua crepe dress with black accessories and Mrs. Egly, mother of the groom, wore a gray crepe dress with black accessories. Both wore pink and white carnation corsages.

Mrs. Octavia Pugh, grandmother of the bride, wore a blue print crepe dress with black accessories and also a pink and white carnation corsage.

Approximately 125 relatives and friends attended the reception held immediately after the ceremony in the home of the brides grandmother.

The bridal table was covered with a white linen cloth and centered with a bouquet of bronze and yellow chrysanthemums. White tapers in crystal candleabra decorated either end of the table. The four tiered wedding cake was topped with a miniature bride and groom and was cut by Miss Thorma Larsen. Miss Barbara Schaefer poured the coffee and Mrs. Robert Partin served the punch. Miss Merry Lee Collatz, sister of the bride, had charge of the guest book.

Following their short wedding trip, the newlyweds are now at home in an apartment at the home of the bride's parents.

The new Mrs. Egly is employed in the Hamilton Park offices of the Rock Island and Mr. Egly is employed in the EJ&E railroad yards in Joliet.

COMMUNITY FOUNDATION AND FOUNDER NOTED FOR GOOD WILL

The Community Center Foundation, near Orland Park, was the interesting subject of a story in the Chicago Tribune of November 8, with many photographs showing the activities there. The founder, the Rev. Paul T. Sanders, tells of the circumstances of its beginning. He was influenced by Robert Herrick's book, "The Master of the Inn," the story of a doctor, who became ill and built himself an inn where men, ailing in body and spirit, could come and help themselves through work and fellowship.

The leader has followed this dream to a successful realization, and the story of his experiences is as interesting as the project itself. His early ambition was to study medicine but he gave up the idea while serving in World War I and after coming back, studied agriculture, getting a degree at the University of Illinois. He passed through an agnostic stage because of the "unChristianity" of war but later, still with the thought of helping others, he turned to theology. He studied psychology and sociology at Northwestern university.

While serving as the pastor of a church in Worth he built it

The tragedy of the two California trains that crashed in Wyoming-Utah at the border Monday morning at 10:30, has been felt in this area.

A brother of Mrs. Rose Brown, mayor of Tinley Park, and his wife, were among those who were on that train and were both killed. They are Dr. and Mrs. Anthony Ippolito, aged 34 and 32. They had been attending the conference of the American College of Surgeons at San Francisco and were returning when the two Chicago bound Union Pacific streamliners collided in a blinding snow storm.

Dr. Ippolito is a bone surgeon and had his offices at 108 S. Michigan avenue. He was a member of the staff of the Columbus, St. Elizabeth's and Cook county hospitals. He was a graduate of Loyola university of the medical school. The couple has three children, Anthony Jr., 10, Valerie, 8 and Gregory, 2. Dr. Ippolito was much loved by the youngsters of the near west side of Chicago where he was a friend to them, especially in their athletic sports. The doctor was an athlete before he became an orthopedic surgeon. Being born on the west side, he never forgot his people there. He and his family lived at Hull House while their home was being built at 5908 N. Kostner street.

The community of Tinley Park extends sympathy to Mayor Brown in this tragedy.

Another tragedy was averted when Dr. and Mrs. W. H. Cava of Frankfort, who were also at the conference, cancelled their reservations on these trains and decided to see a football game in southern California. They returned home on the Santa Fe Monday afternoon.

In speaking of the conference, Dr. Cava stated in the opening address given by the president of the American College of Surgeons, Dr. Henry W. Cava, of New York City, (no relation to the Frankfort doctor), said that the future of surgery was in the small communities and suburbs. That this super specialist trend is closing contact with the "old family doctor relation."

N. L. Girl To Tell Of Visit to Ireland

Rosemary Archibald, daughter of Mr. and Mrs. Ivan Archibald, of New Lenox, is addressing several groups of Will county Home Bureau members, meeting this week to hear her experiences of the past summer while she was in Ireland as an International Farm Youth delegate.

One of 58 college age youths who went with the United States delegation, Rosemary was sent to live on a farm in Ireland. During her four months stay she assisted with the light housework in the farm home she was assigned to. She enjoyed the horse show in Dublin and attended a performance of the "Plough and the Stars", by the Abbey Theater players.

She visited with a distant cousin, Mrs. Mary O'Leary, near Tipperary, and before coming home had a short stay in Paris. She attended conventions of three national youth organizations. The Irish Country Women's group is comparable to the home bureaus here.

Following the ceremony, a turkey dinner was served at Chuck Cavallini's in Midlothian to members of the immediate families. Guests were from Des Plaines, Lombard, Lemont, Orland Park and Mokena.

DISTRICT 210 TO TAKE CENSUS

The Citizens Advisory committee of the Community High school District No. 210 met with Dr. M. R. Sumption and his staff Thursday evening, November 1, at the Frankfort school at 8:00 o'clock. Dr. Sumption outlined the duties of the committee. One of the first problems will be that of conducting a complete child census of the district. It was decided that the Citizens Advisory committee would proceed at once with conducting this children's census. The number and location of all children under eighteen years of age is basic information which is needed in order to plan the building and educational program of the new district.

The committee requests that any resident living in District No. 210 make sure that their children are included in the census so that adequate provision may be made for them in the future. If anyone is not contacted by a census taker within the next month, they can make sure their child is included by getting in touch with a member of the Citizens Advisory committee. Their names and addresses follow:

Mrs. Ione Ruthenbeck and Lester Brown, New Lenox; Mrs. Winsor Jones and Milford Smith of Manhattan; Mrs. George Walker and Vernon Hansen, Lincoln Estates, Frankfort; Elizabeth Cappel, chairman, and Clarence Laufer, Mokena; Mrs. Marie Johnson and Eugene Hinspeter, Frankfort.

BURGLARS BUSY AT NEW LENOX

A series of burglaries have been committed in New Lenox during the past week.

Last Wednesday night the Benson Farm Equipment store was entered. Gloves, fog lights and some silver dollars were taken.

The next night, cigarettes were stolen from the Archie Corp. grocery store, the thieves having gained entrance by breaking a window.

Last Friday night the large front window of the Welsch Lumber and Supply store on route 30 was broken and thieves made way with a Stevens 410 gauge .22 calibre gun which was valued at \$35. William Heidrich, manager of the store who lives above the store, stated his daughter noticed two young men near his machine and a few minutes later heard a crash. She saw two young men run west.

'Heiress' In Joliet Play From N. Lenox

Jane Schlotterer, a New Lenox housewife and mother, has been selected to play the title role of the awkward young lady who gives her heart to an idle fortune-seeker in "The Heiress," which the Joliet "Y" Players will present at the Farragut school auditorium starting November 27. As the heiress in this dramatic hit from the pens of Ruth and Augustus Goetz, Mrs. Schlotterer will be playing the role created in the 12-month run on Broadway by Wendy Hiller and in the movies by Olivia de Havilland.

"The Heiress", set in New York a century ago, is the compelling character study of a shy, unloved girl made bitter by the cruelty of a fortune-seeking suitor and a stern father. Having been jilted by the handsome young man she loves when he realizes she will be disinherited if she marries him, and despised by her sardonic father because she has none of her mother's charm, the disillusioned heiress of the play waits two years for her triumphant hour of revenge.

Reserved seat tickets for "The Heiress" may be purchased for \$1 each by sending a check or money order to "Y" Players Box Office, 215 N. Ottawa street, Joliet. The play will run four nights, November 27 thru 30, beginning at 8:30.

Their exhibition of parakeets was well received and the glass nest-box of baby birds proved interesting to those attending the bazaar and dinner.

GIRL SCOUT TROOP 224

November 6, Troop 224, due to the very bad snow storm, had only 11 Scouts at the meeting.

Troop 203 was invited to this meeting to hear a speaker, but declined the invitation because of the weather, so we cancelled our speaker until a later date to be announced. Sandwiches, cake, coffee and pop had been prepared in advance, so the Scouts who attended this meeting had a nice treat, with goodies enough to take some home.

Betty Homering joined our troop and Janet Carlson came in on a transfer. Scouts have completed several badges and most all are ready to become Second Class Scouts.—Joyce Bettenhausen, reporter.

Chicago Plays Host To Nation's Youth

Young farm boys and girls from across the nation will again play a major role in the big events of the International Live Stock Exposition.

Greatest livestock event in the world, the International Stock Show is set for November 24 for an eight-day run through December 1 in the International Amphitheatre of the Chicago Stock Yards.

Youngsters have always been an important part of the Exposition, showing the International grand champion steer fifteen times since they were permitted to compete in the open classes in 1928. Similarly they have shown grand champion barrows and lambs in competition with adult livestock feeders and breeders.

A young Texas lad, Lloyd Robinson of Big Spring, Texas, last year showed his blocky Hereford calf to the grand championship of the fat steer show.

The outstanding steer, named "Big Spring Special", was late auctioned to establish a record price of \$12.00 per pound, enriching young Lloyd \$12,300 to start his own purebred Hereford ranch.

The Junior Livestock Feeding Contest in which boys and girls show baby beeves, lambs and

barrows of their own raising is among the curtain-raisers of the show on Saturday, November 24. But many more activities for boys and girls bring them into the limelight during International Week. The 30th National 4-H Club Congress will be held in downtown Chicago, bringing delegates from most of the states Canadian provinces and a number of foreign countries.

They will be the very cream of the nation's farm youngsters, winning their trips to Chicago through accomplishments in agriculture.

Wednesday afternoon of the great stock show, the massed 4H Club Congress members will attend the horshow matinee in the International Amphitheatre. That evening, before a packed audience of spectators, they will parade, 1500 strong, around the arena in a spectacular pageant.

Judging contests are also slated for youths engaged in agriculture. College-age men and women will have their Collegiate Livestock Judging Contest, while club youngsters will have their Junior Livestock Judging Contest. They will be rated on their ability to correctly judge the quality of cattle, sheep, swine and horses.

"Just Been Thinkin'"

Every year as the cold comes in, we see a drying and dying landscape gradually close in and surround us. In the slow transition we begin to feel the chill and the ominous threats of another winter. We wish it were already over, yet it has not even begun! And in these days of dreary outlook and sorrowful anticipation we must take heart from those who are less protected from the ravages of nature and who possess a courage surpassing our own. In November we must look upward and prepare ourselves for darker days by learning the

LESSON IN THE TREETOP
There's a lesson in the treetop
For everyone to see:
An act of thrift and planning
For frigid days to be.

The swiny-tailed young squirrel
Is skipping as he goes
In quest of winter breakfasts
To store against the snows.

He dances and he chatters
For he is free of fear
Because his caution conquered
The selfsame foe last year.

And the lesson in the treetop
Tells all the young and wise
To work so every winter
Is warm with life's supplies!

Here you are—just what you've been waiting for—a "tidy top" spoon rest to keep your stove or table clean, or a combination salt-and-pepper shaker, all in one. Either of these handsome and valuable premiums are offered for one new subscription to this paper, or a renewal.

Neither of these premiums is available for purchase in any store, and each is easily worth \$1.25. This premium offer remains effective through October and November up to Thanksgiving Day, after which the rate will be increased to \$3.00 per year, and 7c at stands and by news boy.

The illustration shows how the "Tidy Top" spoon rest is used. When you are finished just wash it with your other dishes. It saves your stove and table from drippings.

Both the spoon rest and the salt and pepper shaker are made of plastic and are heat resistant.

A charge of 5c will be made for mail deliveries to cover postage and wrapping.

Don't wait. Send in that new subscription or renewal now and save money.

Mrs. Berle Needham conducted the devotionals using the subject, "Thy Will be done South of the Border." Mrs. Roy Erdman had charge of the program, the topic being, "Some Basic Economic Problems of Latin America."

A request was received from the Lake Bluff Orphanage for clothing. The Methodist church will hold a party for the children of Lake Bluff orphanage in the Chicago Temple Friday, December 7, to which everyone is invited to attend. They are to bring gifts suitable for the children: scarfs, soap etc. The society reported they have left from their recent sale, 40 cans of wax which they are anxious to sell.

The Christmas party will be held in the home of the president, Mrs. Arthur Shoop Thursday, December 13, at which time a 50c gift exchange will be held. The penny Sunshine bags were started again. A member, Mrs. W. D. Roberts, was reported ill, and the birthday song was sung for Mrs. Erdman. Mrs. Shoop and Mrs. Hull, with the anniversary song for Mrs. W. H. Pitman.

The Good Luck camp of Royal Neighbors will meet Thursday afternoon, November 15 in the home of Mrs. Mary Welter and Mrs. Shirley Lemmon. Mrs. Pearl Henry assisting. Plans for the annual Christmas party will be made at this time.

Mr. and Mrs. George Milton were Sunday guests of Mr. and Mrs. Willard Rowley Jr. at Princeton.

Mrs. William Bengston who had a relapse following a recent operation, is recuperating in her home.

Carl Anderson is very ill in his home.

Mr. and Mrs. Lawrence Welter of Lockport were Sunday dinner guests in the Clarence Wies home.

"Weather" was the chief annoyance in Homer and elsewhere during the week just past, most local schools were closed for one or more days; many men who work away from home were obliged to stay near their work Tuesday night and some who reached home were unable to go back next day. Corn picking is temporarily at a standstill.

Saturday evening, November 24 is the date set for the one act comedy to be given at the Homer church by the Hi-X club, directed by James Coleman. A half hour of music and two short skits preceding the play promise a pleasant evening's entertainment, to which the public is invited.

George Bump, Sr., who has spent several weeks with his niece, Mrs. Adam Bodenschatz in Lemont, has returned to his home with the Otto Konow family. His health is much improved.

Mr. and Mrs. Delbert Shepherd and daughter are moving to their newly purchased home in Joliet.

Relocating of Rock Island Tracks to Save 11 Miles

The grading work on the relocation of the main tracks of the Rock Island lines between Atlantic and Council Bluffs, Iowa, is going right ahead. This project is designed to speed freight and passenger traffic on the Colorado lines.

The project, to cost \$6,500,000

is one of the most ambitious of its kind to be attempted by a railroad for several years.

New track will be laid between Atlantic and McClelland, Iowa, a distance of about 33 miles. From that point about 12 miles of Chicago, Great Western tracks will be used by the Rock Island, from where the company will construct an additional mile of track to connect with its new east yards at Council Bluffs.

Over all, there will be a saving of 11 miles, straighter track and a better road bed.

The towns of Walnut, Ayoca and Shelby, to be by-passed by the new line, will become branch line operations.

May Apply Now For Automobile License

Secretary of State Edward J. Barrett announced today that applications for 1952 passenger automobile plates are now available. Barrett said blanks may be obtained from notaries public, banks, county and city clerks and automobile dealers. Automobile owners seeking re-assignment of their current number must submit applications prior to November 1. Colors of the 1952 plates will consist of midnight blue numerals on a burnt orange background.

In an information leaflet accompanying the application blanks distributed to the various outlets throughout the State Secretary Barrett called attention to the continuing expiration of current driver licenses. Barrett urged that driver license renewal applications be forwarded to the Secretary of State's office 30 days prior to the expiration date shown on the current license directly beneath the signature. He also stated that applicants should take the utmost care to complete the renewal applications correctly, inasmuch as errors or omissions in filling out the blanks will necessitate their return.

getting ready

Think of attaching a cultivator in one minute or less! It can be done with a Ford Tractor and Dearborn Cultivator. Other tools, too, attach or detach quickly.

going to the field

You need not hold down road speed to "save" Dearborn Lift-Type Implements. They are carried instead of dragged. You gain working time and save repairs.

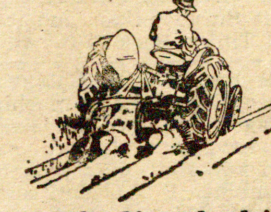

working in the field

Moving the Ford Tractor Hydraulic Touch Control lever up or down controls the depth of ground working implements. No tugging at ropes or levers.

Plus the advantages of a "LIGHT" and a "HEAVY" Tractor

While working, most Dearborn Implements become almost literally a part of the Ford Tractor. In the case of any implement designed with "suck," the suck adds weight on the tractor's rear wheels... you get, automatically, more weight when you need it, less weight when you don't.

The Ford Tractor is "fast on its feet," economical. Gives you speed and easy handling on "light" jobs, such as mowing or cultivating.

In breaking sod and similar hard jobs, "suck" adds the effect of additional weight, giving you a "heavy" tractor when you need it.

the FIRST Factory-built
LP GAS TRACTOR

MINNEAPOLIS-MOLINE pioneered factory built LP gas burning equipment on the famous MM U tractor in 1941.

LP gas steps up the horsepower of the already powerful U about 10%. MM factory-built LP gas tractors have high compression (6.8 to 1) and cold manifolds. Without their use, power will be low and fuel consumption will be high.

LP gas burns clean and prevents carbon deposit and crankcase dilution. Oil will last several times as long due to less contamination. These tractors run cooler. Time between overhauls is greatly prolonged.

QUALITY CONTROL IN MIN FACTORIES MEANS LONGER, BETTER SERVICE IN THE FIELD.

See your friendly MM dealer for complete facts.

MM LP tractors are factory equipped with special cylinder head, carburetor, tank heavily built to resist pressure, and safety pop-off valves to meet state requirements.

store in New Lenox, managed by William Heidrich. Both places of business have been accorded an excellent trade, much better than they had expected. Walter W. Welsch and Elias A. Brown, owners, were both connected with the Joliet Cash and Carry Lumber company in Joliet, and each is an experienced lumber man.

Mr. Welsch was born in Joliet January 28, 1899 and after attending the Joliet public schools, attended the Chicago Technical college until his entry into World War I. After receiving his honorable discharge, he entered the concrete products business under the name of the Welsch Waterproof Block Co. Later he sold this business and entered the lumber business. His son William is associated in the business also.

Although Mr. Brown was not born in Joliet, he came to that city and entered the employ of the Joliet Cash and Carry Lumber company. Mr. Brown was born in Warren, Minn., December 2, 1912 and after graduating from the high school there, attended the Northwestern School of Commerce in Portland, Oregon. Here he also was employed in the lumber industry.

At the open house Saturday, Maryann Scoggins and Mr. Johnson of the Sherwin-Williams company will be present. They are color stylists and will gladly advise anyone on color combination, decorations, curtains, rugs, furniture and color of walls, or anything in that
